HOW TO EMAIL

Subject line : Either Order / Question

Name and address to ship to. Be 100% sure it is correct. We are not responsible if you make a mistake and will result in being kicked from our private group. If your to lazy to double check your don't care about our and everyone's else's safety.

Bitcoin exact amount of btc you sent for easy payment verification. Not the dollar amount. Hash is always a 100% solid way to show us payment. **Exact btc amount can not include fees.** Order must be emailed same day of payment.

What are you ordering and how much of it.

Be sure to have sent payment before sending us a order email incase the payment is not successful we are not stuck looking for your payment and causing us to lose precious time to service others. We prefer at the same time but in order of payment then email.

If you have questions, make sure title it "question". It best to message us on forums in a private message. All questions must include a zip code if your requesting information on a order.

Thank you
